

PEARL SEAS CRUISES™ TO BEGIN LUXURY ADVENTURE™ SMALL SHIP CRUISING IN 2009

January 2008 -- Introducing PEARL SEAS CRUISES™ -- a brand-new fleet of small, all-suite cruise ships, specially designed to transport discriminating travelers in a relaxed, country-club-casual style to captivating, less-travelled destinations and cosmopolitan cities around the globe.

Scheduled to begin worldwide service in 2009, the line's first new ship will carry no more than 214 guests and feature 108 spacious, well-appointed suites – all with private balconies. The ship will be outfitted with the latest navigation and communication technology, in addition to the most advanced Rolls Royce active wing stabilizers – ensuring a smooth, comfortable ride when cruising narrow rivers, coastal waters as well as in deep ocean cruising.

Guests aboard Pearl Seas' ships are assured, without compromise, a unique and highly personalized cruise experience. Whether they dine in the main restaurant's relaxed, open-seating atmosphere, or take breakfast on their own private balcony, guests will enjoy exceptional cuisine and a high degree of personal choice and comfort. The line's gracefully-appointed suites will be exceptionally large at 320 to 640 square feet, and will surround guests with extraordinary comforts, including in-room sitting areas, individual climate control, flat-screen satellite TVs, DVD players, wireless in-room Internet access, full-sized bathrooms with walk-in showers, luxurious bed linens, ample closet space, in-room safes, room service, and large picture windows that open. Two-room suites are available and can be custom configured to guests' needs. Guests may also choose between twin and king-size bed configurations. The line has several suites especially configured to accommodate wheelchairs, and features convenient elevator service to all decks.

Daytime and evening activities will be unregimented and include a pre-dinner cocktail hour each evening as well as an afternoon tea and beverage service. Onboard lecturers, entertainers, historians, as well as nature and wildlife experts, will entertain, educate and enlighten guests about the fascinating places the ship will visit. Custom-designed shore excursions will provide Pearl Seas guests with "backstage passes" to the culture, customs and cuisine of each of the line's specially selected ports of call.

Pearl Seas' inaugural sailing season will offer 7, 10, 11, and 14-night cruises to the Canadian Maritimes, Atlantic Canada and Great Lakes, and also 7 to 11-night cruise itineraries to the Caribbean. Fares range from \$3,955 per person, double occupancy for a 7-night cruise standard suite to \$10,080 per person, double occupancy for a 14-night one-room Grand Suite.
